ABOUT THE SALESFORCE CERTIFIED PARDOT CONSULTANT CREDENTIAL

The Salesforce Certified Pardot Consultant program is designed for individuals who have experience implementing the Pardot application. The Salesforce Certified Pardot Consultant has experience with Pardot administration and configuration, and is able to successfully design and implement Pardot solutions that meet customer business requirements, are maintainable and scalable, and contribute to long-term customer success. This credential encompasses the breadth of the Pardot application, the features and functions available to an end user, and the configuration and management options available during a Pardot implementation.

SECTION 1. PURPOSE OF THIS EXAM GUIDE

This exam guide is designed to help you evaluate if you are ready to successfully complete the Salesforce Certified Pardot Consultant exam. This guide provides information about the target audience for the Salesforce Certified Pardot Consultant exam, the recommended training and documentation, and a complete list of exam objectives—all with the intent of helping you achieve a passing score. Salesforce highly recommends a combination of on-the-job experience, online course completion, and self-study to maximize your chances of passing the exam.

SECTION 2. AUDIENCE DESCRIPTION: SALESFORCE CERTIFIED PARDOT CONSULTANT

The Salesforce Certified Pardot Consultant generally has at least six months of hands-on experience implementing the Pardot application and associated tools. The Salesforce Certified Pardot Consultant possesses facilitation and consultative skills to gather the business requirements, design solution alternatives, and implement them to meet business needs.

- Identify and understand a customer's current marketing to sales strategy.
- Map customer goals to Pardot features.
- Design a strategy to meet customer business needs based on an analysis of key performance indicators.
- Recommend automation processes to achieve business objectives.
- Recommend Pardot tools and features (Salesforce Engage) to implement marketing to sales strategy.
- Develop and recommend a data and content migration strategy.
- Articulate the implications and importance of technical setup.
- Analyze existing lead qualification strategy and make recommendations for translating into Pardot.
- Analyze existing lead nurturing strategy and make recommendations for translating into Pardot.
- Analyze existing lead generation strategy and make recommendations for translating into Pardot.
- Develop and recommend a scalable way of organizing data and assets in Pardot.
- Analyze data generated in Pardot Reports to make recommendations for system optimization.
- Invest time in studying the resources listed in this Exam Guide and any additional study materials provided by Pardot.

A candidate for this exam is not expected to know Marketing Cloud, Salesforce IQ, Analytics Cloud, Service Cloud, and Communities Cloud, or Salesforce Platforms and Apps. Additionally, a candidate is not expected to make recommendations on Salesforce Sales Cloud implementation and configuration, Salesforce workflows, triggers, and Salesforce reports, or troubleshoot a customer's DNS or Web Hosting Provider or CMS.

SECTION 3. ABOUT THE EXAM

The Salesforce Certified Pardot Consultant exam has the following characteristics:

- Content: 60 multiple-choice/multiple-select questions* (5 unscored questions will be added)
- Time allotted to complete the exam: 105 minutes (time allows for unscored questions)
- Passing Score: 70%
- Registration fee: USD 200, plus applicable taxes as required per local law
- Retake fee: USD 100, plus applicable taxes as required per local law
- Delivery options: Proctored exam delivered onsite at a testing center or in an online proctored environment. Click [here](#) for information on scheduling an exam
- References: No hard-copy or online materials may be referenced during the exam.

SECTION 6. SAMPLE EXAM QUESTIONS

The following questions are representative of those on the Salesforce Certified Pardot Consultant exam. These questions are not designed to test your readiness to successfully complete the certification exam, but should be used to become familiar with the types of questions on the exam. The actual exam questions may be more or less difficult than the questions below.

1. LenoxSoft has had a Product Interest form live on their website for the past 3 months. They would like to make sure that, moving forward, every time the form is submitted, a custom field is updated. They also want to update that custom field for anyone who has submitted the form before today.

What combination of automation tools should LenoxSoft use to achieve this?

Choose one answer

- A. Automation rule and completion action
 - B. Segmentation rule and completion action
 - C. Dynamic list and automation rule
 - D. Completion action and dynamic list
2. LenoxSoft's marketing team shares a list of company names of all external visitors on their website with the regional sales managers. The regional managers use this list for cold calling and for insight on whether any recent opportunities are active on their site.

Which sequence of steps should the Pardot Administrator take to automate this process?

Choose one answer

- A. Enable Send daily prospect activity emails (for all prospects); Enable Page Actions to notify managers.
- B. Enable Visitor Filters for a specific IP range; Enable Page Actions to notify managers.
- C. Enable Visitor Filters for a specific IP range; Enable Send daily visitor activity emails.
- D. Enable Send daily visitor activity emails; Enable Send daily prospect activity emails (for my prospects).

3. LenoxSoft would like to implement a re-engagement program for prospects who are no longer active on their website.

How should a Pardot marketer design an engagement program focused on providing exclusive offers and content to re-engage prospects?

Choose one answer

- A. Create an automation rule that adds prospects to a list with the criteria Prospect time :: last activity :: greater than :: 180 days ago. Add the list as the recipient list to an engagement program that leads re-engaged prospects to a promotional offer.
- B. Create a dynamic list that matches prospects with the criteria Prospect time :: last activity :: greater than :: 180 days ago. Add the list as the recipient list to an engagement program that leads re-engaged prospects to a promotional offer.
- C. Create a segmentation list that matches prospects with the criteria Prospect time :: last activity :: greater than :: 180 days ago. Schedule a list email that includes a promotional offer to autosend every Friday going forward to re-engage prospects.
- D. Create a dynamic list that matches prospects with the criteria Prospect time :: last activity :: greater than :: 180 days ago. Schedule a list email that includes a promotional offer to autosend every Friday going forward to re-engage prospects.
